Julie Silfverberg

Julie Silfverberg has been working with NLP since 1995 in Finland, UK, USA & here in Ireland with individuals, business and organisations. The amazing thing about NLP, she says, is that it affects change so easily and effortlessly as quickly or slowly as is desired. She has seen first hand its transformational power and finds it awe inspiring.

It is this transformational power that she finds so exciting – enabling others to discover what makes them tick and then for them to go on and use the skills to influence people – just like dropping a stone into water, the ripples and reverberations go on and on. The reverberations are felt across a wide range of different fields – personal, business, health, wealth and sport – enabling the participants to perform and achieve more than they had ever thought possible.

She is a Certified Trainer & Master Practitioner of NLP & Time Line Therapy™ and is an Instructor in Hypnosis.

Success Partners' trainings are approved by the

ABNLP (American Board of NLP)

ABH (American Board of Hypnosis)

TLTA (Time Line Therapy Association)
